Index to Volume XXII

This is an author-and-subject index to articles in the four issues of Volume XXII of *Baptist History and Heritage.*

In author entries a writer's name is followed by a chronological listing of the titles of each article and/or editorial prepared by that person. The reference data after each title contains five elements: volume number, issue number, page number, month of publication, and year of publication. To illustrate, 22.3.41; 7/87 refers to volume 22, number 3, page 41 (July, 1987, issue). Page numbers refer only to the initial pages of articles.

In subject entries, including names of persons treated as subjects, a subject is followed by a chronological listing of references to that subject. Titles are not included.

"I thought Baptists don't have a priesthood."

On the contrary! Baptists believe that every Christian is a priest. And understanding the meaning of that term can lead you to a more fulfilling Christian life and ministry.

The Doctrine of the Priesthood of Believers, the Baptist Doctrine Study book for 1988, examines biblical teachings about the priesthood of believers. It describes the way those teachings affect our beliefs about salvation, the Christian life, the church, cooperation among churches, and the state.

Learn how your role as priest can strengthen your service for Christ. Purchase ***The Doctrine of the Priesthood of Believers*** at a Baptist Book Store and study it individually or as a part of a group in your church. Also look for ***The Doctrine of the Priesthood of Believers— Teaching Workbook***, which provides teaching aids for leading a group study of the book.
